EDUCATION: EMPOWERING MINDS, SHAPING FUTURES, TRANSFORMING SOCIETY

Desire is the key to motivation, but its determination and commitment to an unrelenting pursuit of your goal - a commitment to excellence - that will enable you to attain the success you seek.

MADAM SUSHMA PAUL BERLIA
CHAIRMAN, APEEJAY EDUCATION
CHAIRMAN, APEEJAY STYA & SVRAN GROUP

School is not merely a place for pursuing academic excellence; it is also a space where students are motivated and empowered to become lifelong learners, critical thinkers and active, productive members of an ever-evolving global society. Our school operates with a clear vision and mission and we are committed to achieving these through continuous effort. We believe that education serves as a powerful tool for social transformation.

Seeing the bright and successful careers of our many students inspires us, as they go on to make positive contributions to society. We take immense pride in being part of an institution dedicated to shaping future citizens. Our purpose is to foster self-confidence and self-awareness in students, helping them recognize their abilities and aptitudes. We thoughtfully design our curricular and co-curricular activities to nurture students into confident, independent and versatile individuals, allowing them to uncover and develop their talents, and equipping them to thrive in various life situations.

As it is often said, education is not just preparation for life—it is life itself.

FROM THE PRINCIPAL'S DESK

A Soulful Tribute to an Icon and a Karmyogi!

October 4 is an essential day in Apeejay schools' calendar. It marks the birth anniversary of the founder chairman, Dr Styra Paul ji. His vision of value-based holistic education has guided Apeejay Education for decades. Dr. Styra Paul ji was an eminent industrialist, educationist, philanthropist and freedom fighter. He realised quite early the importance of providing quality education to citizens, which, in turn, could contribute to nation-building. Throughout his career, Dr. Paul was actively associated with various social and cultural bodies. He went out of his way to help people in every possible way.

He successfully set up educational institutions across the country where scientific and career-building knowledge could be provided along with inculcation of values and an appreciation of Indian culture, arts and heritage. Starting with a small school in Jalandhar in 1967, 26 Educational institutions established over the last four decades under the aegis of Apeejay Education have flowered to become symbols of excellence in their various disciplines, moulding the lives and careers of future generations of the country. The year 2010 also saw the realization of Dr. Styra Paul ji's lifetime dream of setting up the Apeejay Styra University – a seat of global learning that would bring about a transformation of society through value-based education, man-making and nation building, by blending the dual identities of a technology and research-based university with a liberal arts institution. A true Karmayogi, Dr. Styra Paul ji retained his zeal for hard work even in his advanced age and remained keenly involved in the management of the Apeejay institutions well into his nineties. Active till the very end, he left this world peacefully on June 7, 2010, while preparing to leave for his office. But his life's work and achievements and the lasting legacy of excellence that he leaves behind, will continue to inspire and guide us in all our endeavours, as we strive to achieve the goals to which he devoted his life. Like the ever-soaring falcon of Iqbal's couplet that inspired Dr. Styra Paul ji throughout his life's journey, his spirit will live on forever.

Pre-Primary Wing

SPECIAL ASSEMBLIES AND CELEBRATIONS

Learning is the key to unlocking the world, a passport to freedom.

Special assemblies in the Pre-Primary section are not just gatherings; they are joyful learning experiences that ignite curiosity, foster cultural understanding and build a sense of community in our youngest learners. The Pre-Primary section of our school has always been a hub of excitement, creativity and learning through Special assemblies and celebrations. Dressed in colourful attires and

engaging in simple performances like dancing, rhyme recitation, singing songs, the students celebrated festivals like Janmashtami and Raksha Bandhan that aided them in understanding the cultural significance of these festivals. Celebrating National events, they proudly carried flags, recited short rhymes and shared their thoughts, thus instilling a sense of patriotism in themselves at an early age. Celebration of various National and International days like International Tiger Day, World Elephant Day and Nature Conservation Day etc. contributed towards developing in students, a sense of deeper understanding of the world around them.

WORKSHOPS/ ACTIVITIES

Workshops transform curiosity into confidence, providing tools for little learners to explore, experiment and excel. The tiny tots had an enriching experience attending a variety of workshops, where each session was a stepping stone towards creativity, collaboration and critical thinking. Workshops on Table Manners and Etiquettes, How

to fold clothes, Non- Flame Cooking and Joining Hands to save Underwater World were instrumental in developing the skill set that will serve them well in their educational journey. Learning Parts of a Computer through enactment, Doodling Art, Masti ki Kashti, Drop Everything and Read, Planning Friend's Birthday Party, Language Fiesta Week and Hindi Divas are activities that facilitated holistic development in our young learners.

EXPERIENTIAL LEARNING

The most effective kind of education is that a child should play amongst lovely things.

Hands-on Learning transforms theory into practice, turning curiosity into understanding through experience. Our Pre-primary students embarked on an exciting journey of joyful learning through experiencing, exploring and experimenting. Messy Play Day, Laundry Day, Clay Play, Paper Bag Activity, Animal Yoga, Sky Gazing Activity, World of Magic are few of the activities that the students were exposed to, in order to make learning a pleasing experience for themselves.
